The H40 series of **Harden-Graded Industrial PoE Switches** are designed with IP67, 6KV PoE Ethernet port surge protection, 40KV surge protection in AC Input, and operation temperature between -40°C and 65°C during harsh weather conditions.
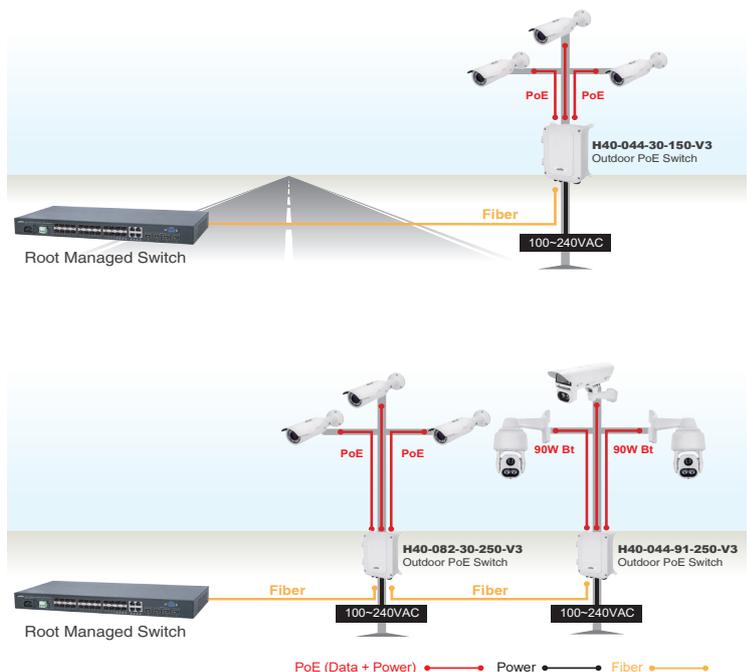

They enable outdoor connections of PoE PDs to the network such as outdoor IP cameras, wireless APs, and other industrial applications.

The H40 series provide multi-port Gigabit PoE (10M/100M/1G) delivering data and power to PoE PDs over a single network cable as well as additional SFP transceiver slots for flexible uplink. The H40 series has three sub-models classified as easy-to-install power source equipment (PSE) and provide power up to 30W or 60W or 90W per port.
